**Average kWh/Day**

	Rate	Usage	Amount   Montant
On Peak/Période de pointe	0.176000	107.04000	\$18.84
Mid Peak/Période médiane	0.119000	102.53000	\$12.20
Off Peak/Période creuse	0.085000	471.58000	\$40.09
Delivery/Frais de livraison			\$41.94
Regulatory Charges/Frais de regl.			\$3.05
Sub Total			\$116.12
HST/TVH (R865937593)			\$15.10
Ontario Electricity Rebate			(\$24.62)
<b>Total</b>			<b>\$106.60</b>

**Electricity:** This is the cost of the electricity supplied to you during this billing period and is the part of the bill that is subject to competition.  
**Delivery:** These are the costs of delivering electricity from generating stations across the Province to Greater Sudbury Hydro then to your home or business. This includes the costs to build and maintain the transmission and distribution lines, towers and poles and operate provincial and local electricity systems. A portion of these charges is fixed and does not change from month to month. The rest are variable and increase or decrease depending on the amount of electricity that you use.  
 The delivery charge also includes costs relating to electricity lost through distributing electricity to your home or business.\* Greater Sudbury Hydro collects this money and pays this amount directly to our suppliers.  
 \*When electricity is delivered over a power line, it is normal for a small amount of power to be consumed or lost as heat. Equipment, such as wires and transformers, consumes power before it gets to your home or business.

**Global Adjustment:** The price of generation in Ontario is set by a competitive market. Certain generators receive payments through regulation or contract that differ from the market price. Your portion of the net adjustment arising from these different payments is included on your bill.  
**Regulatory Charges:** Regulatory charges are the costs of administering the wholesale electricity system and maintaining the reliability of the provincial grid. Note: For a detailed explanation of the electricity terms, please visit [www.oeb.ca](http://www.oeb.ca)

**Water/Waste Water | Eau/Eaux usées (Service provided by the City of Greater Sudbury)**  
**Service from/service de Mar 07 2021 to Apr 06 2021 (30 Days)**

Previous Balance as of 03-23-2021	\$193.00
Payments	(\$193.00)
Adjustments	\$0.00
Current Charges as of 04-23-2021	\$196.65
<b>Total</b>	<b>\$196.65</b>

The water usage charge is equal to water usage (in m<sup>3</sup>) multiplied by the water rate per m<sup>3</sup>.

The water fixed service charge ranges depending upon the meter size and is prorated based upon the number of billing days on your bill.

The wastewater surcharge is applied to total water charges (usage and fixed service) as there are no meters to measure outflows of wastewater.

The water and wastewater bill will be prorated when the billing period contains a rate change. Call GSU at 705-675-7536 if you require additional information about the calculation of your water bill.

Les frais d'utilisation sont équivalant à la consommation d'eau en mètres cubes (m<sup>3</sup>), multipliés par les redevances d'eau par m<sup>3</sup>.

Les frais de service fixes pour l'eau dépendent de la taille du compteur, répartis proportionnellement au nombre de jours facturés.

La redevance additionnelle concernant les eaux usées s'applique au total des frais pour les services d'eau (frais d'utilisation et de service fixes) puisqu'il n'existe pas de compteur mesurant l'évacuation des eaux usées.

Le montant de la facture d'eau et d'eaux usées est réparti proportionnellement lorsque les redevances sont modifiées durant la période de facturation. Pour plus de renseignements sur le calcul de votre facture d'eau, veuillez communiquer avec GSU au 705 675-7536.
